

## Table of Contents Lyrics

### Verse 1

What an unspeakable privilege- to talk about the Holy One  
His wondrous acts and might and the sacrifice of His Only Son  
Disclaimer: turn this off now if you want a worldly substitute  
But turn the volume up- Hear me if you sincerely love the truth  
So focus, we have much to do and little time to do it in  
My job is done if this encourages you to commune with Him  
To get a bigger view of Him we gotta dive in deeply though  
Six million forms of communication like C-3PO  
By nature all of us are blinded to divine reality  
And we would stay in that state if God didn't give us eyes to see  
But now that He has opened them our view is panoramic now  
Although it's through a dark glass, it's new and not Adamic now  
It's true and kinda tragic how at one time we had spite for Him  
And whether religious or irreligious we were fighting Him  
The elect, Jesus died for them, Holy Spirit enlightened them  
And now the works of God are studied by all who delight in them

### Verse 2

God's glory is manifest in creation  
Enough to leave us naked without justification  
For rejecting Him and yet it is not enough for salvation  
In order for us to be saved, we need special revelation  
God predestined that all the elect would know forgiveness

By leaving us an open witness in the Holy Scriptures  
Plus any good discussion on the topic of divinity  
Must begin with the glorious doctrine of the Trinity  
One being in His essence, the number of persons? Three  
Perfectly united in diversity eternally  
Father, Son and Holy Spirit: immortal, invisible  
Primordial mystical, made a portal into the physical  
In splendor for ages arrayed, in order to make it displayed  
Creation was made, the earth's foundations were laid  
And everything at first was fine  
Until we drank the serpent's wine, which was actually turpentine  
The poison left us cursed and blind with perverted minds  
God determined to search and find us and in His perfect time  
The Seed was given birth, the Redeemer hit the earth  
Just to free us from the curse, so that we could see His worth  
This was all according to God's preordained election  
A people for His possession proclaiming His perfections  
And though for many, this lyrical content's not exciting them  
God and His works are studied by all those who delight in Him

Verse 3

Table of contents: we'll speak of Jesus' greatest accomplishments  
The faithful God and His amazing providence  
I state with confidence we're going all the way in  
With a lyrical exposition of Psalm 110  
It's quite dramatic assuming you like fantastic Humans

Divine and man communing in the hypostatic union

We'll talk about the Holy Spirit, His work and His ministry

The gifts and the fruit of the 3rd Person of the Trinity

Book recommendations, Q & A, it's all there

We'll talk about the devil and spiritual warfare

Regeneration, predestination all featured

We even made a song to warn you of false teachers

Without apology we'll take an end times odyssey

And I will be explaining where I stand on eschatology

And though for many this lyrical content's not exciting them

The works of God are studied by all those who delight in Him

## **Hypostatic Union**

Chorus

I know it's deep but when you peep you'll find it's dense  
Jesus both God and man- two hundred percents yeah  
Fully divine, fully human  
Introducing the hypostatic union

Verse 1

Our topic of discussion is beyond human comprehension  
The infinite God has made a super condescension  
The kind of entrance nobody could have anticipated  
Precipitated by the evil we participated  
In- through Adam and Eve our first kin  
Cursed when they committed the first sin  
Only if you have the Holy Spirit's antennas  
Can you truly understand fallen man's dilemma  
See only a human can substitute for human lives  
But only God can take the wrath of God and survive, yeah  
See the humanly unsolvable obstacle?  
With God all is plausible, nothing's impossible  
True haters'll fight it but the story is certain  
Two natures united in one glorious person!  
Jesus, the God-Man, official soul reaper  
The hypostatic union- it gets no deeper

Chorus

Verse 2

The Son of God: 100% divinity  
Self-existent 2nd Person of the Trinity  
Magisterial Imperial at the helm  
Infinitely transcending this material realm  
He's so original, gettin to know Him is pivotal  
Behold the invincible prototypical Holy Principal  
Possessor of all divine attributes  
The omnis, wisdom, grace, beauty, love, wrath and truth  
He's the One that all creation was made through  
And by Him, the earth's foundation was laid, too  
Ask the angels, they saw it on pay-per-view  
Created Satan too, matter of fact He created you  
And nothing can escape Jesus' sovereign rule  
From the farthest galaxy to the smallest molecule  
So who deserves to gain fame?  
By the word of His power the universe is maintained  
In other words, put the cosmos back on the shelf  
Without Christ reality would collapse on itself  
Jesus, the marvelous author of all consciousness  
Beyond what the sharpest biologist acknowledges  
He needs no archeologists or smart apologists  
He sees all hearts- Omnipresent Cardiologist  
Master of Logic, Macrocosmic Novelist  
Following any other god is just preposterous!  
Chorus

Verse 3

The Son of Man 100% humanity

The mind stretches to understand how can it be?

You gotta see what He does

Becoming what He wasn't while never ceasing to be what He was

Is your mind flipping? That got you tripping? Me too

But the Scripture is true- peep Philippians 2

By faith we believe this amazing Jesus

Who made Uranus and Venus became a fetus

It's such a secret that few if anybody knew it

Months later, He's covered in amniotic fluid

The subject of the gospels, praise of Apostles

Armed with eye sockets, arm pits and nostrils?

Who is this Jesus? God clothed human weakness

Super sweetness and peace for the true believers

See the One who never tires knocked out sleeping

See the Source of eternal joy weeping

Which one can explain how the Son, abundant with fame

Who made thunder and rain now has hunger pains?

See the Creator of water become thirsty

On the cross when He saves from the slaughter the unworthy

My awe should be sky high and I ought to just cry, "Why?"

with water in my eyes when the Author of life dies

Raised on the third, God-Man, soul seeker

The hypostatic union- it gets no deeper

Chorus

## Active Obedience

(hook)

Jesus, there's nothing greater God could give for us

But before He gave His life, He lived for us

It's one of salvation's massive ingredients

The Lord Jesus Christ and His active obedience (repeat)

Verse 1

Yeah, Matthew 3:1-15

Scene 1 of our story takes place at the Jordan River

John the Baptist proclaiming that the LORD delivers

As He shares truth in each and every sentence

He's telling them to bear fruit in keeping with repentance

This God you can't handle, man, turn from your scandals

There's one coming: I'm not worthy to hold His sandals

When John saw Him, his mind was straight in a whirlwind

Behold the Lamb of God, who takes away the world's sin!

Jesus- John's heart was to magnify Him

The Lamb surprised Him when He told John to baptize Him

Did John lack eyes to see?

He replied, "Not to chastise, but you should be baptizing me"

What's enticing is how Christ replied to this

"We must do it to fulfill all righteousness" (yeah)

So now we focus on the works of Christ

And how the law was fulfilled in His perfect life

Verse 2

We know today's generation can't stand lectures  
We're trying to get your attention like hand gestures  
The truth is close like London is to Manchester  
To understand better, consider our ancestor  
Adam- it took place in the garden of Eden  
Y'all know the story- how Satan was talking to Eve then  
The snake had her all deceived then she ate & he ate  
God had decreed that that would make all of us heathens  
Romans 5:12 really got my dome spinning  
Adam's descendants didn't die for their own sinning  
But here's the thing that you must pay attention to  
Although you weren't there, Adam represented you  
Now God is free, He doesn't need an apology  
For those who struggle though, I'll make a quick analogy  
Think logically before you criticize  
One player commits a foul, the whole team gets penalized  
We were in need of another representative  
To live the perfect life that none of us could ever live  
Cause if we're gonna be freed from our distress  
Both sides of the situation need to be addressed  
We need a substitute in our place to to be killed  
Plus we need the broken law to be obeyed and fulfilled  
And Jeremiah prophesied of this  
That the LORD Himself would be our righteousness!

Chorus

Verse 3

Although we're born into an unholy environment

A Holy God can never lower His requirement

You think God's accepting something less than perfection?

You must be living in a dream world like Inception

Take refuge in Jesus, indeed , be safe

The righteousness of Christ is to be received by faith

Alone- that's apart from the works of the law

Christ was murdered to reverse the curse of the fall

And so now astoundingly, Christ's righteous salary and Calvary counts for me

Praise the Living God for His amazing wisdom

We get credit for somebody else's work like plagiarism

But He does it righteously for the worst of all heathens

Based on 33 years of perfect law-keeping

Believing in Jesus has crazy perks

And I guess you can say we been saved by works- His!

Chorus

## **Exalted (Psalm 110)**

Lift Him Up! (Repeat)

Verse 1

Picture the risen Christ surrounded by His disciples conducting

A vital discussion to give them their final instructions

Said the Holy Spirit would fill them with power and might

To be His witnesses- a cloud took Him out of their sight

Resurrected and glorified, Ascended before their eyes

He entered into the heavenly courts on high

The conquering King was welcomed back to heaven

Foretold by the prophets in Daniel chapter seven

The angels remained amazed, proclaimed their praise

As the Holy Flame ablaze approached the Ancient of Days

Imagine the ovation that the hosts of heaven gave to Him

Acclamation louder than a thousand packed stadiums

He purchased His people, took what they deserved for their evil

His work was completed; sin, death and the serpent defeated

Psalm One Hundred and Ten verse one is massive deep

The Father's glad to speak To His majesty: your task complete, so have a seat

Hook

Praise to the Lord who was crucified  
Atoned for our sins, in our place He died  
Ascended where He sits at the Father's side  
He's coming back for His Bride  
But now He's exalted

Verse 2

As we speak, Jesus is seated in the heavenlies

While the Father is steadily defeating His enemies  
Applying pressure, who can contend with the Lion  
Whose mighty scepter and rule is extended from Zion?  
Perfectly- At the end of the second verse I see  
It looks just like the church to me, this rule is happening currently  
Yo why do you think the church remains to this hour?  
The Savior won't allow her to be by Satan devoured  
We freely offered ourselves on the day of His power  
In Holy garments arrayed we're the spray of the shower  
Of a heavenly dew that slowly covers the earth  
From every nation to show what His suffering's worth  
Jesus will keep His treasure, through the roughest seas & weather  
That He would bleed for our deeds, intercedes- guarantees indeed we'll be together  
We can't conceive the measure of the heaps of pleasure  
See, whatever we think, it's even better- Jesus, He's our priest forever!

Chorus

Lift Him Up! (repeat)

Verse 3

It's deep and clever, Jesus seems to be stopped when He's dying  
The second time around, He comes as a conquering Lion  
Even kings will be smashed if they wait in His path  
In blood, they're taking a bath, it's the day of His wrath  
His judgment's execution, Holy, righteous retribution  
He'll reverse the curse, but first murk the earth with much worse than electrocution  
The War's beginning here- and scores are in despair,

It's corpses everywhere, yeah It's morbid, but it's fair

He'll drink from the brook then He'll look up just He's Gideon's soldiers

It's time for the war, cats rocked to the core, no pity from Jehovah

The rule and the reign of the Babylonian city is over

Christ will bring all of His enemies to a hideous closure

The text is warning ya, the Lord is a warrior

But for all who repent & believe there's plenty more in store for ya

Worshipping the Lord for all eternity, never exhausted

As we proclaim that Jesus Christ is forever exalted!

Chorus

**The Holy Spirit**  
**ft. Timothy Brindle and Leah Smith**

Chorus

You gave us breath, you gave us life  
Opened our eyes to see the Christ  
Holy Spirit we worship You  
Spirit of God we worship You

Now you live inside of us  
You help us serve the God we trust  
Holy Spirit we worship You  
Without You we can do nothing at all

Verse One (The Spirit in the OT)

Tim

Spirit of God, in our selves we're lifeless  
so we ask now for Your Powerful Help to write this!  
God the Spirit, we worship Thee  
You've been one with the God the Father and God the Son for All Eternity!  
One in Your substance, one in Your honor  
Spirit--You are the love between the Son and the Father!  
Spirit --You're the Creator whom we are praisin'  
Plus You are God's personal Agent of re-creation!

Shai

We see You at creation hovering over the face of the waters  
You were faithful to order the waves and their borders  
We spread death- the type to contaminate earth's inhabitants  
But You're the breath of life that animates the inanimate  
You filled Your servants with skill, knowledge and intelligence  
To build the tabernacle where God and man could fellowship  
Where the undeserving elect could serve You with reverence  
Behind the curtain- Your essence- a picture of worship in heaven

Tim

You revealed in Your Word it says in, Ezekiel 37  
Breath of God--You're the Worker of Resurrection!  
To raise from the grave the depraved and enslaved,  
A new race You'll create, through Christ, the Perfect Servant-Shepherd

Shai

Speaking of Christ, we can see Him in shadows and types  
The prophets, kings and judges You empowered to battle and fight  
You even had them write it down- the ultimate story

The sufferings of the Christ and the subsequent glories

Chorus

Verse 2- (The Spirit in the New Testament)

Tim

Holy Spirit, for Your Deeds we are stunned, in Awe!  
Like how in the Virgin's Womb You conceived the Son of God  
Then when He was baptized within the Sea  
On Messiah You descended to empower His Entire MINISTRY!  
Empowered His miracles He displayed that amazed men  
Empowered Him to overcome temptations of Satan  
To be the Firstborn from the dead of God's New Creation  
Of saints, from the Grave You have raised Him so You raised THEM"  
Jesus promised You'd send His Thoughts  
You're the Anointing Oil that flowed from the Head of the King at Pentecost  
Down onto His body, His Kingdom You spread across  
Making effectual the message of the precious Cross!

Shai

The book of Acts is not about the Acts of the Apostles  
But the acts of the Holy Spirit impacting with the gospel  
Jerusalem to Judea, Samaria to Africa  
Empowered your servants like Stephen when they were massacred  
Ananias and Sapphira lied to You  
So you put them both to death to show the church what a Holy God can do  
You set apart Paul and Barnabas for the work of missions  
You worked in the church's division over circumcision  
You take Christ's objective cross work and vindication  
And then apply it to the elect through regeneration  
You saved us from the lake of fire, make us like our Great Messiah  
Graciously You take us higher, praise to You, our Sanctifier

Chorus

Verse 3 (The Spirit and the Church)

Tim

You're the Author of Scripture and its Illuminator  
Our God-given picture to see the Ruling Savior  
Your thoughts are in-scripted on our hearts with conviction,  
You're the Father's Provision to Renew our Nature

Shai

With our nature renewed, now by grace we pursue  
Conformity to the Savior through the faith that's from You

The fruit You produce is proof that Your people are real  
Directing our thoughts to Jesus when our evil's revealed

Tim

You reveal our evil and the mercy of the Cross  
and You seal Your people and ensure that none are lost  
Spirit of Adoption, You disperse His love abroad  
Within our hearts and spirits so we're sure we're sons of God!

Shai

With that blessed assurance, we're set for the warring  
We're kept by Your warnings and prepped for endurance  
You provide gifts- even miracles assuredly  
But fruit is a better gauge of spiritual maturity

Time

You unite us to Jesus so we can die to lust  
Spirit of Christ You're the presence of Christ in us!  
(You) Already began His Resurrection Life inside of us,  
So when He returns, by Your might we'll rise from dust

Shai

In Revelation, we see Your presence before the throne  
Forever You will help us to reverence the Lord alone  
You're the Source of all life and yet Your story's precise  
Amazingly, You do it all for the glory of Christ!

Chorus

## Regeneration

### Verse 1

Let's start with a microphone check 1, 2 first  
Water to the dry and weary soul of the true church  
The kind of things that few search, they say that the truth hurts  
Well this pain is gain so let's explain the new birth  
First things first I can't neglect this at the start  
I must preface my remarks with the deadness of the heart  
From original sin, the effects of the fall  
The sin of our first parents brought death to us all  
Since Adam was our federal head  
What he did counted for us, in him we're all rebels and dead  
Captured in the mind, disaster, sin and crimes  
In a dark state- Alaska in the winter time  
Sour in our frames, left to ourselves we'd be  
Devoured in the flames because we're powerless to change  
If you feel that weight, I pray that you respond happily  
As you see what Jesus had to say in John chapter 3

### Verse 2

If you peep this, you'll see that verse one is my thesis  
It's the deepest truth that should get you speechless  
What Scripture teaches will fill in the missing pieces  
Picture Jesus meeting up with Nicodemus  
Perhaps it was fright about the other Pharisees wicked spite  
Against Christ that turned this into "Nick at Nite"

He called Him "Rabbi" and gave Him props  
Said He was a teacher from God, Jesus' reply made Him stop  
Regarding the Kingdom of God, no one's going in  
In fact, you can't even see it unless you're born again  
That must have consumed and stretched his mind  
Nic said can a man enter His mother's womb a second time?  
Naturalistically- the only way for him to hear it  
Jesus said you must be born of the water and the Spirit  
No other way to enter heaven  
That sounds like Ezekiel 36:25-27  
In this new birth, the Spirit is the source and the agent  
The water symbolizes spiritual purification  
Flesh can only produce flesh- that's true & factual  
Regenerating work of the Spirit is supernatural  
It's kind of like the wind which is free east to west  
Can't perceive the steps- you can only see its effects  
In the same way the Holy Spirit chooses whom He pleases  
To sovereignly open their eyes to the truth of Jesus

### Verse 3

If it wasn't for the Spirit's mysterious operation  
We would all be under serious condemnation  
I'd still be rejecting His Son  
If God hadn't said "let there be light" like Genesis One yo  
And just like the light could not refuse to shine  
Irresistible grace has renewed my mind

Let's exalt the King who died and truly is risen  
The new birth is not the effect of human decision  
But the cause- it changes our natural habitation  
And situation, it's a radical transformation  
I was cursed and polluted so my dirt was inexcusable,  
With new internal pupils, His person is beautiful  
His worth is indisputable the Lamb is amazing  
A standing ovation for His work in the crucible  
So let us respond w/ true worship and love  
To the God who has given birth from above

## **Election ft. Willie Will**

Peep it son, no need to run from the truth  
We need to come to understand Ephesians 1  
We see in love, the Father predestined  
But we seem to have a problem with the doctrine of election  
We keep stressin' and leave guessin' leadin' to depression  
Because it's God's love we question  
Well sit back and take a deep breath in  
Exhale, let's set sail, the word of God is refreshin'  
Let's be real with it, the Bible obviously  
talks about predestination so we gotta deal with it  
I'll be a fake attorney by His grace and mercy  
and present my case, so let's take a journey for the sake of learning  
First turn to Romans 8:28 thru 30  
Zoomin' in on verse 29, read the first line  
"Those whom He foreknew He also predestined to be conformed to  
the image of His Son": Exhibit #1  
People try to use an argument lacking common sense  
Concerning the foreknowledge of God thinking the logic fits  
Dudes are saying He looked out into the future ages  
With illumination, seeing all that would choose salvation  
And those men were chosen by God 'cause they chose Him  
But that's not what the passage has spoken  
It says those He foreknew He predestined  
If He foreknew everybody, is everyone predestined?  
Is everyone His object of affection?  
If so, what's the point of the doctrine of Election?  
It's spiritual, but let me make it plain so you see the miracle  
And praise His Name instead of taking His grace in vain  
It isn't complicated, we all evaded the God that made us  
And traded in His truth for a lie  
Worshiping what God created more than God who is glorified  
Corroborated our death, our lives are an abomination  
But if the Father's aim is to bestow mercy  
Then it's not to say that He was obligated but that God is gracious  
As God's enemies we deserve to be crushed  
We're dirty enough to be eternally cursed and turned into dust  
And if he did it He would be perfectly just to murder me but  
He decided to show mercy to us  
I didn't choose God, God chose me  
Gave me a new heart and it wasn't because I was holy  
But if I chose G-O-D then God owes me  
The only reason I first walked thru them church doors  
is Psalm 65 verse 4, why do I know God?  
Matthew 11:27 says it best  
And those that have been predestined keep press in'  
It's a deep message...I only see blessing in Election  
I'ma see the blessin', yo it's not even a question

How God in His perfection wrote the doctrine of election

Shai

God in His perfection wrote the doctrine of election  
Cause He's sovereign, there's no question and that's got some people stressin'  
But no option but election can account for our protection  
Godly direction or perfected bodily resurrection, yo!  
Don't let the thinking of modern men fool ya  
God does what He wants- that's what it means to be Sovereign Ruler  
It's deep but not complicated- with complete confidence I'll state it:  
Peep it- it's how God has always operated  
He's the greatest, fam- His amazing plan made His hand  
Save the man Abraham from a pagan land  
Who can argue with the people that God chooses?  
Israel and not Egypt, Peter and not Judas  
Humanly speaking it should have been Saul and not David  
The inheritance should have been Esau's and not Jacob's  
The truth it speaks brightly so you can see rightly  
A huge, mighty God who chooses the least likely  
Still some contest it as a phony doctrine  
But if we're really dead in sin, predestination is the only option  
With reservations they fume inside  
There's hesitation because it's devastating to human pride  
This truth is the sober kind that you're prone to find  
In passages like Romans 9 it's so divine it'll blow your mind  
We are the clay and we've been formed by the Potter  
None can come to the Son unless they're drawn by the Father  
"But God draws everybody" That's what some cats say  
It can't be that way because all who are drawn are raised on the last day  
Because of original sin, and all of our despicable deadness within  
Election must be unconditional then  
Some people say that we were drowning in the ocean  
Barely floating until God threw us the rope then  
Our free will helped us as we groped  
Our faith is the hand that grabbed the rope and God put us back in the boat  
Nope! Without apology I deny that analogy  
Reality- we were dead at the bottom of the sea  
I was a swollen corpse with hope no more  
Until Jehovah the LORD dove from the shore to the ocean floor  
Yeah, I was a corpse and I smelled like it  
I'll keep it simple, why did God choose me? Because He felt like it!  
He brought me out, not an act of my volition  
Breathed life into my lungs and didn't ask for my permission  
Throughout the Bible there's major examples of this  
Pages of passages like the raising of Lazarus  
Rather than debating the Master's gift  
We should be happily praising His magnanimous saving of savages  
It's time we see God's sovereignty and its primacy  
His holy dynasty running things by divine decree  
Why does He choose some and not others to see Jesus?

Our God is in the heavens- He does whatever He pleases!

## Cosmic Powers

### Verse 1

There's a war going on outside no man is safe from  
You can run but you can't hide forever  
And most people don't even know they're in danger  
They've been around a long time, they know human nature  
"Cosmic powers over this present darkness"  
Heartless with smartness targeting the narcissists  
Their leader is Satan- the fowler with the snare  
The Bible calls him the prince of the power of the air  
The lower case god of this world- a reign of terror  
Tempting people to make one of two major errors  
One is saying that he's not responsible for anything  
The other is saying that he's responsible for everything  
So one part of the church, all they do is speak on him  
The other part is just as bad because they sleep on him  
So in light of 2 Corinthians 2:11  
I wrote this song and I'm addressing it to the brethren 'cause...

### Chorus

The Devil's lurking and he's prowling in the night  
Seeking whom he may devour on sight  
He's subtle and he's clever full of malice and spite  
He might even come as an angel of light  
So how you gonna stand, bro? How you gonna fight?  
Be strong in the Lord and the power of His might  
How you gonna stand sis? How you gonna fight?  
Be strong in the Lord and the power of His might

### Verse 2

This invisible war has a lot of effects  
And Jude says show these dudes their proper respect  
They operate powerfully, it's deep fam, you gotta see  
The world, flesh and devil form the 3 man camaraderie  
Satan uses the world to tempt the sinful nature  
The power of suggestion, that's how they infiltrate ya  
There's no new magic- the tricks of our nemesis  
Old school tactics depicted in Genesis  
I guess if it ain't broke, then why try to fix it?  
If the song is a hit, you ain't gotta remix it  
He makes the bait seem sweet but always hides the hook  
And His top priority is that we deny the Book  
Tactic One- The Bible- keep you from reading it  
And if you're reading it, he'll try to keep you from believing it  
If you're believing it, he'll try to keep you from obedience  
Or speaking it, he's got temptations for every season, kid

Satan is the Tempter- he wants to abuse ya  
After you sin, the Tempter becomes your Accuser  
And Christians in the public eye here's an important principle  
You become more vulnerable the more you're visible  
I mean come on, if Peter and David can fall  
Doesn't that need to be a wake up call for us all?  
These powers are lethal, we're feeble, not equal  
So Jesus said pray that God would deliver us from evil 'cause...

Chorus

Verse 3

Man I really need longer than 3 verses  
The serpent's chief purpose must be to deceive churches  
He wants to keep the Christian's joy and peace at a minimum  
He always standing on one side, ready to swing the pendulum  
For those who minimize truth, he'll burden them with heresies  
For those who emphasize truth, he'll turn them into Pharisees  
One generation, he'll tempt them to be legalists  
The next generation, he'll tempt them to be hedonists  
One clear evidence the devil has done his business  
Is when a church walks in bitterness & unforgiveness  
For those who pridefully act hard and tough  
Satan will call your bluff- you'll end up with scars and scuffs  
So now that we've been convinced, How can we resist?  
The key to this is found in Ephesians 6  
(Verses)14-18, it mentions seven keys  
Heavenly necessities, precious remedies  
It must first be said- that on the cross as Jesus hurt and bled  
He was really crushing the serpent's head  
Through faith His perfection's ours, His resurrection power  
Will keep us from being devoured in the deadly hour  
Jesus modeled for us how we should do war  
With the true sword (the Word) You can find it in Luke 4  
The last thing to remember- Jesus defeated Satan  
So let us frequently seek the Savior in secret prayer 'cause...

Chorus

## False Teacher\$

### Verse 1

Let me begin while there's still ink left in my pen  
I'm set to contend for truth you can bet will offend  
Deception within the church, man who's letting them in?  
We talked about this years ago- let's address it again  
And I ain't really trying to start beef  
But some who claim to be part of the sheep got some sharp teeth  
And cats get mean when you criticize them  
But Jesus told us Matthew 7:16, we can recognize them  
And God forbid that for the love of some fans  
I keep quiet and watch 'em die with their blood on my hands  
So there's nothing left for me to do except to speak to you  
In the spirit of Jude 3 and 2 Peter 2  
And I know that some will label me a Pharisee  
Because today the only heresy is saying that there's heresy  
I'll dare to be specific and drop some clarity  
On the popularity of the "gospel" of prosperity  
Turn off TBN- that channel is overrated  
The pastors speak bogus statements, financially motivated  
It's kind of like a pyramid scheme  
Visualize heretics christianizing the American dream  
It's foul and deceitful, they're lying to people  
Teaching that camels squeeze through the eye of needle  
Ungodly and wicked- ask yourself  
"How can they not be convicted?" Treating Jesus like a lottery ticket  
And you're thinking they're not the dangerous type because some of their statements are right?  
That only proves that Satan comes as an angel of light  
This teaching can't be believed without a cost  
The lie is you can achieve a crown without a cross  
And I hear it all the time when they speak on the block  
Even unbelievers are shocked how they're fleecing the flock  
It should be obvious then, yet I'll explain why it's sin  
Peep the Bible- it's in 1st Timothy 6:9-10  
It talks about how the desire for riches  
Has left many souls on fire, in stitches, mired in ditches  
Tell me who would teach you to pursue as a goal  
The very thing that the Bible says will ruin your soul?  
Yet they're encouraging the love of money  
To make it worse, they've exported this garbage into other countries  
My heart breaks even now as I'm rhyming  
You wanna know what all false teachers have in common?  
It's called self-ism, the fastest growing religion  
They just dress it up and call it Christian  
Don't be deceived by this funny biz  
If you come to Jesus for money, then He's not your God- money is  
Jesus is not a means to an end  
The gospel is He came to redeem us from sin  
And that is the message forever I'll yell

If you're living your best life now, you're headed for hell

Joel Osteen- false teacher  
Creflo Dollar is a false teacher  
Benny Hinn is a false teacher

I know they're popular but don't let them deceive ya

TD Jakes is a false teacher  
Joyce Meyer is a false teacher  
Paula White is a false teacher

Use your discernment, let the Bible lead ya

Fred Price is a false teacher  
Kenneth Copeland is a false teacher  
Robert Tilton is a false teacher

I know they're popular but don't let them deceive ya

Eddie Long is a false teacher  
Juanita Bynum is a false teacher  
Paul Crouch is a false teacher

Use your discernment, let the Bible lead ya

2 Peter 2:1-3

But false prophets also arose among the people, just as there will be false teachers among you, who will secretly bring in destructive heresies, even denying the Master who bought them, bringing upon themselves swift destruction. 2 And many will follow their sensuality, and because of them the way of truth will be blasphemed. 3 And in their greed they will exploit you with false words. Their condemnation from long ago is not idle, and their destruction is not asleep.

## The Millennium

### Verse 1

In spreading Christ's aroma, I've been a lot of places  
Stood on many stages, seen a lot of faces  
One question I've heard a thousand and ten times  
"Yo, Shai, tell me what's your thoughts on the end times?"  
In certain circles, I get all kinds of looks  
When I tell them I disagree with the *Left Behind* books  
Some get hostile, I tell them it's not the gospel  
Plus we shouldn't take our theology from a novel  
Or tradition- no need for tension or division  
Because many Christians have embraced different positions  
I do have a view but I admit I could be wrong  
This is secondary to the gospel we agree on  
So this is non-essential bro, I'll still defend it though  
I hold to the view known as Amillennial  
Song like this are not typical, it's difficult  
But I intend to show you exactly why it's Biblical

### Chorus

We're in the last days, it's the end times  
No time for the spiritually thin rhymes  
Yeah, gotta infiltrate your section  
With Christ's death, burial and resurrection  
And when He comes back, see the sky crack  
Where you at? Yeah, it's like that  
And when He comes back, see the sky crack  
Where you at? Where you at?

### Verse 2

So what do I mean when I say Amillennial?  
It's kind of complicated, I'll try to keep it simple though  
The primary Scriptural passage for meditation  
Is found in the 20th chapter of Revelation  
According to the Amillennial interpretation  
Christ's death on the cross greatly hindered the works of Satan  
Bound him so he could no longer deceive the nations  
John 12:31- See the correlation?  
Revelation 20 verse 4 explains the present  
Reign of the faithful beheaded saints in heaven  
And that's the point- Christ reigns from where He's at now  
At the right hand of the Father since He sat down  
Ruling in the midst of His enemies- they're hostile  
Extending His Kingdom through the spread of the gospel  
"Well when's the millennium?" You might find it pretty stunning  
The whole time between Jesus' first and second coming  
His first coming was the kingdom inaugurated

His second coming- will be the kingdom consummated  
And yes, there's a rapture- still, this is clear  
The rapture doesn't mean Christians will disappear  
It means they'll be caught up, changed in a moment  
The blessed hope of all who've been saved through atonement  
His coming won't be secret though and this is a fact  
When Jesus comes back, it's a wrap!

Chorus

Verse 3

The New Testament speaks of two ages. son  
That's the present evil age and the age to come  
This age has murder, hate, we yearn and wait  
The next age? A burning lake, eternal state  
One question to ask if you hold a different view  
Which age does the things your reading about fit into?  
Something for your study I want to share and give  
Revelation contains seven parallel narratives  
And what they're describing? Again it's pretty stunning  
The time between Christ's first and second coming  
The thousand year reign is not literal or physical  
But Christ will return in full glory and visible  
A few final comments, some food for thought  
Keep your eyes on Christ, not the news reports  
And even if we disagree, true believers hum with me  
"Come, Lord Jesus, come quickly!"

Chorus

**Take Up and Read**  
**ft. Through Hymn, Omri, and Ant**

Chorus

We gotta take up and read  
Or we will never proceed  
In growing up into maturity, we oughta take heed  
In these last days what we need  
We gotta take up and read  
And be the People of the Book!  
Gotta be the People of the Book!

Verse 1

(Through Hymn)

Men in the bondage of the will, sin is the preference  
And unwilling to believe, got their fists to the heavens  
None desiring God with religious affections  
Need a modern reformation, so peer in this table talk  
B we're in a war field, so I'll make it plain to all  
Without Christ, we're sinners in the hands of an angry God  
We forgot the Trinity but Christ was slain  
Though sin is scarlet He can make it white as James  
And change the heart (Hart) to worship with reverence and awe  
In pursuit of holiness to forever adore  
Yea, saints – we got a glorious King, Lord of the rings  
around Saturn, spoke the world into being  
My place, condemned He stood, question: where do you stand?  
Because Christ is divine yet like Carl, a true man (Carl Trueman)  
According to plan, slaughtered the Lamb  
He's more than gold's worthy, deserves all that I am

Verse 2

(Omri)

I was abhorring allegiance to the Lord of Ephesians

Disagreed with Johnny Mac on The Gospel According to Jesus  
While exploring the regions in a vanity contest  
As the truth warred over my vanishing conscience  
Thoughts were all dung, debased the God of Wisdom  
So far from His law, son (Steve Lawson), I had Him made in our image  
That depiction of Him stretched on the cross for me  
Brought conviction that ushered in more confessions than Augustine  
Within religion that was pompous and a lie  
God still made my redemption accomplished and applied  
Sought and found grace through the Word of God in English  
Now I serve Him out in Phoenix through art for God's sake  
It takes work to build a village of saints  
So I shout out a van 'til (Cornelius Van Til) they hear the defense of the faith  
I'm filling this page so the listener takes it up  
To get in His face to say the Risen is great

Verse 3

(Shai)

If you start with the inspired text then you'll find  
A message divine that'll shape you when it enters your mind  
In fact the pleasures of God get better with time  
Put amazing back into grace with the letters of John  
Newton, I ain't trying to be all highfalutin  
But you'll find prudence reading lectures to my students  
Ephesians 4:11 gifts from our Lord and Master  
Preaching and preachers will help reform(ed) pastor(s)  
Baxter, Richard, I demand Scripture  
Cats be like what, son (Watson)? Godly man's picture  
Time is (Thomas) now to think about these topics that'll suit ya  
The mystery of providence, the Bible and the future  
I'm chosen by God just to put a little Sproul in this  
And JC got me riled (J.C. Ryle) up about holiness  
The cross of Christ paid the price this tot (Stott) was owing (Owen)  
And The Glory of Christ is why I'm flowing

You see it's (C.S.) me I'm just a mere Christian  
In the valley of visions where I can hear wisdom  
From the pages of many men w/ heavy pens  
Filled with charity's fruits and heaven's sentiments

## Theology Q & A

Verse 1

*Who made everything?*

The God of the Bible  
Triune, Self-existent, Sovereign without rival

*Triune?*

Yes: One nature and three persons  
Father, Son, Spirit- Same essence, unique working

*How do you know this?*

From the only true evidence  
The 66 books of the Old and New Testaments

*Why did He make us?*

He made us for His pleasure  
To glorify His name and enjoy Him forever

*What happened?*

Though God made Adam and Eve perfect  
Deceived by the serpent, they then received curses

*How did that affect us?*

It left us for dead  
Because Adam represented as our federal head

*Our federal Head?*

It means we're born sinners as well  
And apart from God's grace we're all headed for hell

*What's the good news?*

The good news is seen in God's plan  
To elect a people to be redeemed by the Lamb!

Chorus

Seek God and His truth today  
Theology Q and A  
Without truth we will fall away, yeah  
Theology Q and A

Verse 2

*Who is Jesus?*

He's the second Person of the Trinity  
The God-man who came to perform His earthly ministry

*What ministry?*

His ministry most properly is seen  
In fulfilling the roles of Prophet, Priest and King

*What's a prophet?*

He represents God to the people  
Blessings for obedience, the rod for their evil

*What's a priest?*

He represents the people before the Lord  
Intercedes and pleads that God would not draw the sword

*What's a king?*

He rules things in all his dominion  
With his people subject to the laws he has given

*Why did Jesus come?*

He came to die for our sins  
On the cross when He laid down His life for His friends

*If He died, how can we survive?*

Oh that's easy: Jesus is Alive!  
Resurrected from the grave, He ascended into heaven  
The elected whom He saved- we intend to give Him reverence

Chorus

Verse 3

*What happens at death?*

Saints, won't groan anymore  
Absent from the body, at home with the Lord

*After death?*

Perfected, we rejoice at God's party  
While we wait to receive our glorified body

*What happens to unbelievers?*

Their bodies lie dormant  
while their souls go to a place of conscious torment

*Is that hell?*

No, hell actually comes later  
After they're raised to stand before their Creator

*Is that the final judgement?*

Yes and you can trust this  
God will gloriously display His Justice

*What is heaven?*

A world of love reserved for His fam  
Forever around the throne to worship the Lamb

*Anything else?*

Honestly, there's so much more to say  
Seek Christ in the Scriptures- go explore today  
And finally, once you know the ways of the Lord, then the  
Only thing that you can say is Soli Deo Gloria!

Chorus

## Sacred Science

A poem by Blair Linne

My first day of school, I got a list of classes  
History, physics, literature, mathematics  
But there was a course missing  
But no one seemed to listen in admissions  
Brought it up throughout the year, but cats were already conditioned  
In my school, my history teacher failed to mention  
This person whose multi-dimension epitomizes non-fiction  
Unlike others, within Him, there is no contradiction  
She never said that each person we were quizzed on  
Was working within His jurisdiction.  
Never learned a description of His holy inscription  
Spent so much time on Einstein, MLK, Mozart, Plato and Marx  
That she didn't teach, give a speech, or even final remarks  
On the One who's been here before history starts.  
And History is amazing grace shown through sacred science  
Used men to script phonics addressing our spiritual noncompliance  
He speaks, plants seeds- Eternal words are non-subjective  
Produces fruit that corrects our fractured perspective  
Only His Word deserving of our all and awe  
These pages point us to our God.  
Since the word who is eternally blessed became stained burgundy flesh  
Perfectly pressed on wood  
Hanging word, He spoke not a word as He was nailed in our place  
So you should study the triune God, don't be content with The Fates  
Greater poetry than Dickinson, Poe or Yates  
Major in theology, son  
Don't have to be a monk or a nun  
Do you mind if I treat God's word like gold and mine the Son?  
Cause I'm a miner and I'm minor  
Compared to the Majestic ,Major Designer  
So lets go to His diner, dwell and feast  
On pages of script  
Inductively dissect each phrase, stand amazed at this relationship  
And I know what your thinking, "doesn't knowledge puff up"?  
But lack of knowledge will have you sinking serving a God who's made up  
What about passion? Won't it get smothered by doctrine?  
Well your passion should grow the more you meditate on your adoption.  
So don't study the greats while ignoring the greatest  
We are all called to be theologians, so pick up your Bible and your patience.  
So we can trade in this spiritual fakeness  
This "me" ology  
Filled with falsehoods  
Of self-esteem and felt need homilies  
Or cats that don't know what they believe-they wobbly  
Cause they never took the time to drink this responsibly

So check your classes; Since they say knowledge is key  
Don't ace every subject and fail to unlock theology.  
And don't stop there, here's another ology,  
That will lead you to adore the Lord in his sovereignty...

**With All My Mind**  
**ft. Melissa T**

Chorus

Lord, I wanna worship You  
Just because of who You are  
With all my heart, with all my soul

When I think about you, Lord  
I just wanna worship You  
With all my mind, with all my mind, with all my mind

Verse 1

Lord, I'm unworthy to speak your name  
But that's exactly the reason that Jesus came  
On the cross, took the wrath and received the blame  
For believers, so we don't have to be ashamed  
We can come into Your courts and not be destroyed  
No need to avoid the Source of our peace and joy  
The beef is void 'cause Christ paid the penalty  
We been reconciled, You saved your enemies  
All because You're abundantly merciful  
That's good news to the hungry and thirsty soul  
You've made Yourself known through the written Word  
The Holy Spirit gives life when the Scripture's heard  
And believed- true faith is supernatural  
But we can love You with our minds- you are rational  
You gave us reason- surely a major purpose  
Was to think about You rightly when we praise and worship

Chorus

Verse 2

Lord, You commanded us to love You with all our minds  
Heart and soul- we fail to do it all the time  
And we should be appalled by our deep neglect  
When we don't take the time out to read the text  
And when we do read, we act like we have the right  
To only focus on the things about You that we like  
Lord, You never gave us permission to pick and choose  
Because You are who You are- forget "different views"  
Lord, forgive us, we love what You don't promote  
We need Your mercy, the cross is our only hope  
Because I know that I am not what I should truly be  
But by your grace, I am not what I used to be  
I wanna know You better Lord, take higher steps  
So I can rep Jesus Christ til my final breath  
You gave us minds- surely a major purpose

Was to think about You rightly when we praise and worship

Chorus

Verse 3

And forever we will cling to the crucified  
And risen King who fulfilled the plan You devised  
Theology helps us separate truth from lies  
But You are not an object to be scrutinized  
You're not a philosophy, You are not a theory  
You're not an apologetic debate topic merely  
You're a Person who deserves to be adored  
Our goal in life should simply be to see You more  
To have our souls satisfied and be so amazed  
To stand in awe when You teach us to know Your ways  
To bring glory to Your Holy Name forevermore  
We were made for so much more than what we settle for  
We're too easily satisfied with lesser things  
They're distractions that keep us from our blessed King  
Theology is not a goal but its major purpose  
Is to think about You rightly when we praise and worship

Chorus
